

Catherine Mentior

@menticat

Belgian painting artist Catherine Mentior is a creator, who started her artistic journey with painting watercolor landscapes while following a career in Communication for international corporations. In 2020, she embarked on a transformative journey, surrendering to the call of her passion and unveiling an ethereal realm of abstract expression through the vivid hues of acrylic paint.

Her work radiates with luminous colors, pulsating with energy and intuition. Each canvas invites you to lose yourself in a world where joy reigns supreme, where colors sing and evoke the true emotions of childhood. It is in the fleeting moments of life - when sunlight kisses the water or when the gentle murmur of a stream serenades our senses - that her art finds its deepest inspiration.

In Catherine's abstract universe, one may glimpse flames dancing, flowers blooming, and algae swirling in a joyous dance upon the canvas, each stroke a celebration of light and life.

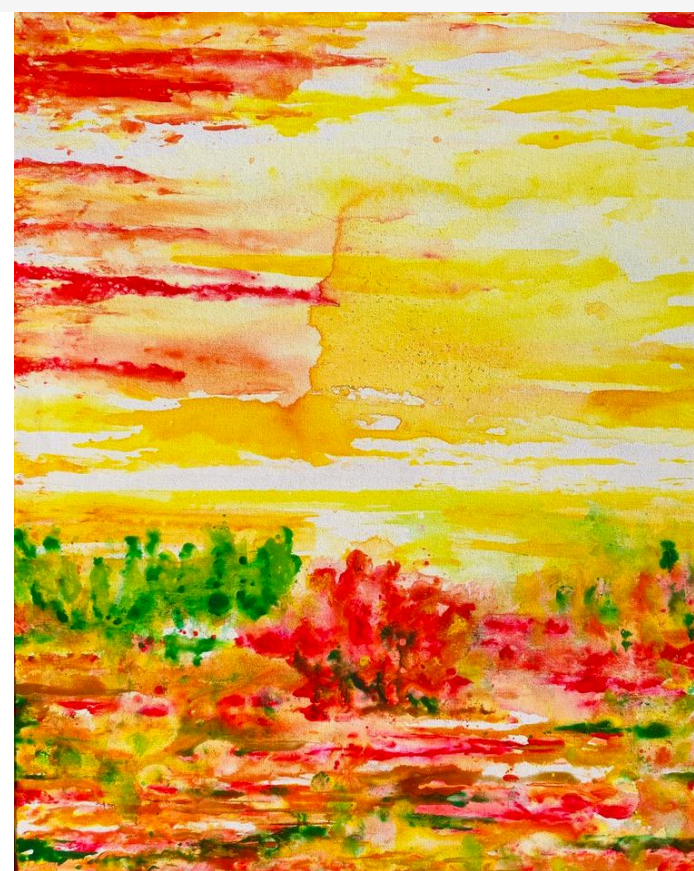

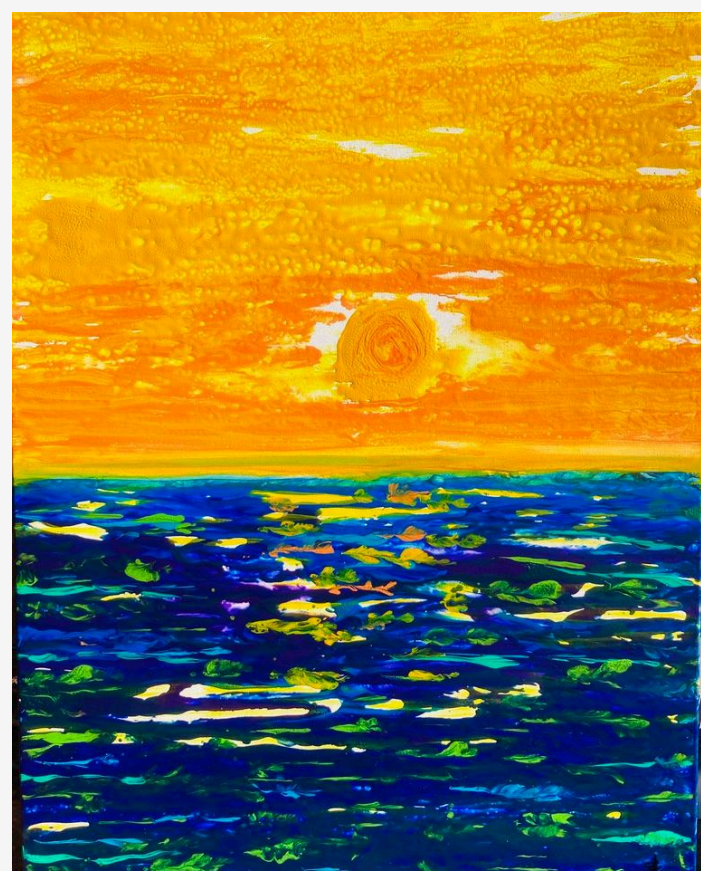

For Catherine, painting is a sanctuary - a bubble of well-being where escape and creativity entwine. Through her exhibitions, she shares this sanctuary with the world, her art resonating deeply, particularly in the halls of medical centers, where it nurtures spirits and increase good mood.
